# WELCOME TO SONNY POWER

At **Sonny Power**, we are dedicated to powering your outdoor lifestyle with reliable, innovative energy solutions. As a USA-based company headquartered in Houston, TX, we take pride in offering high-performance energy systems tailored to recreational and outdoor applications.

Specializing in RV, Camper, Van, Motorhome, Trailer, Overland, and Skoolie energy solutions, our products, such as our advanced Lithium Iron (LiFePO<sub>4</sub>) Storage Solutions, deliver superior safety, longevity, and performance. To support our customers nationwide, we also provide a network of service centers to assist with after-sales service and warranty support, ensuring that your energy systems continue to perform at their best throughout their lifespan. We aim to expand our distribution network to serve all 50 states, so no matter where your adventure takes you,

**Sonny Power** will be there.

## **Our Mission:**

To empower outdoor enthusiasts and adventurers by delivering high-quality, sustainable energy solutions backed by comprehensive after-sales service and warranty support, all designed to meet the diverse needs of outdoor vehicles and off-grid lifestyles across the U.S.

## **Why Sonny Power?**

**USA-Based Expertise:** With headquarters in Houston, TX, we are committed to expanding our presence across all 50 states, providing unmatched energy solutions and after-service support nationwide.

**Industry Expertise:** From RVs, campers, vans, motorhomes, and trailers to overland setups and skoolies, we offer specialized solutions, including LiFePO<sub>4</sub> storage systems for reliable, durable

energy in any environment.

**After-Sales Support:** Our dedicated team offers nationwide support for maintenance, repairs, and warranty services, ensuring your system operates smoothly wherever you are.

## **Innovation & Sustainability:**

With a focus on green technologies like Lithium Iron Phosphate batteries, we provide eco-friendly, future-proof energy options for all your outdoor energy needs.

Trust **Sonny Power** to energize your next adventure. With our comprehensive energy solutions and nationwide support, we're with you every step of the way.

# ADVANTAGES OF SONNY POWER LIFEPO4 BATTERIES FOR RV / CAMPER / VAN / TRAILER

## Longer Lasting (4X)

- Lasts 2-4x longer than traditional lead-acid batteries.
- Delivers an impressive cycle life of 3500-6000 cycles for exceptional durability.
- Features a low self-discharge rate, ensuring extended storage capabilities.
- Built to perform reliably even in harsh environmental conditions.

## Maintenance-Free

- Fully maintenance-free-no upkeep required, giving you peace of mind.
- Integrated safety systems provide secure operation for user safety.
- Compatible with fast chargers, minimizing downtime for quick recharging.
- IP65-rated for protection against water and dust, ensuring longevity.

## Run in Parallel

- Easily scalable design to meet higher energy demands as needed.
- Cell balancing technology ensures optimal performance across all connected batteries.
- Simple parallel installation requires no extra components or complex setups.
- Smart Battery Management System (BMS) prevents overcharging and cell imbalance.

## Drop-In Replacement

- Designed as a direct replacement for traditional lead-acid batteries, making installation easy.
- Our lithium RV batteries are plug and play-just connect your battery and you're ready to go.
- Compact design fits most standard battery compartments effortlessly.
- No modifications or extra components needed for seamless integration.

Bluetooth

12V 100Ah  
(SP12V100 PRO-SERIES)

- Nominal Voltage: 12.8V
- Rated Capacity: 100Ah
- Standard Charge Voltage: 14.6V
- Stored Energy: 1280Wh
- Max Continuous Discharge Current: 100A
- Peak Current: 300A (3s)
- IP Rating: IP65
- Communications: Bluetooth
- Battery Dimensions (L x W x H):  
10.24" x 6.61" x 8.27" (260 x 168 x 210mm)
- Weight: 25.35LBS (11.5KG)
- Warranty: 10 Years

Bluetooth

12V 200Ah  
(SP12V200 PRO-SERIES):

- Nominal Voltage: 12.8V
- Rated Capacity: 200Ah
- Standard Charge Voltage: 14.6V
- Stored Energy: 2560Wh
- Max Continuous Discharge Current: 100A
- Peak Current: 300A (10s)
- IP Rating: IP65
- Communications: Bluetooth
- Battery Dimensions (L x W x H):  
20.55" x 9.45" x 8.58" (522 x 240 x 218mm)
- Weight: 49.60LBS (22.5KG)
- Warranty: 10 Years

Bluetooth

24V 100Ah  
(SP24V100 PRO-SERIES):

- Nominal Voltage: 25.6V
- Rated Capacity: 100Ah
- Standard Charge Voltage: 29.2V
- Stored Energy: 2560Wh
- Max Continuous Discharge Current: 100A
- Peak Current: 200A (3s)
- IP Rating: IP65
- Communications: Bluetooth
- Battery Dimensions (L x W x H):  
20.55" x 9.45" x 8.58" (522 x 240 x 218mm)
- Weight: 49.60LBS (22.5KG)
- Warranty: 10 Years

Bluetooth

12V 100Ah Slim  
(SP12V100SRVC1):

- Nominal Voltage: 12.8V
- Rated Capacity: 100Ah
- Standard Charge Voltage: 14.4V
- Stored Energy: 1280Wh
- Max Continuous Discharge Current: 100A
- Peak Current: 300A (10s)
- IP Rating: IP65
- Communications: Bluetooth (Included)
- Battery Dimensions (L x W x H):  
23.62" x 10.63" x 2.56" (600 x 270 x 65mm)
- Weight: 28.66LBS (13KG)
- Warranty: 10 Years

Bluetooth

12V 200Ah Slim  
(SP12V200SRVC1):

- Nominal Voltage: 12.8V
- Rated Capacity: 200Ah
- Standard Charge Voltage: 14.4V
- Stored Energy: 2560Wh
- Max Continuous Discharge Current: 200A
- Peak Current: 300A (10s)
- IP Rating: IP65
- Communications: Bluetooth (Included)
- Battery Dimensions (L x W x H):  
35.04" x 10.83" x 2.95" (890 x 275 x 75mm)
- Weight: 57.32LBS (26KG)
- Warranty: 10 Years

TRAILERS

VANS

CAMPERS

OVERLAND

Sonny Power is a premier provider of high-performance lithium batteries, specifically designed to meet the energy storage needs of RVs. Our advanced Lithium Iron Phosphate (LiFePO<sub>4</sub>) battery technology offers an ideal energy solution for all types of recreational vehicles, including motorhomes, trailers, and truck campers. Engineered for endurance, Sonny Power batteries ensure reliable and long-lasting power, whether you're embarking on extended road trips or camping off-grid. With superior energy efficiency and durability, our LiFePO<sub>4</sub> batteries are built to perform even in remote locations and under demanding conditions. Whether for weekend adventures or full-time travel, Sonny Power delivers dependable, uninterrupted power, making us the trusted choice for RV owners seeking quality and reliability. Discover the difference of Sonny Power and why our lithium batteries

are a top choice for RV applications. The house battery is the backbone of any RV's electrical system, powering essential devices like the refrigerator, TV, lights, and water heater. Sonny Power's lithium house batteries are specifically engineered to ensure your RV stays powered, providing you with the comfort and reliability needed for your travels. Whether you're on a short weekend trip or an extended journey, our batteries deliver long-lasting energy that keeps your vehicle's systems running smoothly. As your RV's battery bank ages, the long-term benefits of Sonny Power's LiFePO<sub>4</sub> deep-cycle house batteries become even more evident. Their superior charge efficiency, zero-maintenance design, and extended lifespan far exceed the performance of traditional lead-acid batteries, making them a highly cost-effective choice over time.

With minimal upkeep and exceptional durability, Sonny Power lithium batteries offer a worry-free energy storage solution, providing long-term reliability and peace of mind for RV owners. Sonny Power lithium house batteries deliver compact, high-performance energy storage solutions that are user-friendly, safe, and eco-conscious. Free from concerns about harmful emissions or off-gassing, they can be installed in tight spaces, including inside your RV or under furniture. Designed to withstand rugged terrains and harsh conditions, these batteries are equipped with waterproof seals and shock-resistant features for added durability. Whether you're traveling off-road with a truck camper or towing a trailer, Sonny Power lithium batteries offer dependable energy wherever your journey takes you.

# Nation-Wide Sales & Service Network:

- Orders processed and shipped within 48 hours.
- Hassle-Free After-Sales Service.
- Timely Technical Support.
- Warranty Assurance.

Sonny Power is continuously growing its distribution and service network allowing us to increase market reach, improve productivity and enhance customer service.

## Markets We Serve:

Sonny Power specializes in energy systems and provides high quality Lithium Iron (LifePO4) Batteries for the following applications:

### 1. Low-Speed Vehicle (LSV) Batteries:

Our Golf Cart batteries provide reliable, long-lasting power with high energy efficiency and minimal maintenance for golf carts and other LSV vehicles.

### 2. RV / Camper Storage Energy Systems:

Built for use as house batteries in RVs, campers, and vans designed for camping or living off-grid. Sonny Power provides simple-to-install drop-in replacement upgrades for hazardous lead-acid batteries.

### 3. Trolling Motor Batteries:

Batteries for trolling motors deliver consistent power output and long runtimes, ensuring quiet and precise maneuvering for fishing boats.

### 4. Marine Energy Storage Systems & Chargers:

Provide reliable power for boats' electronics and navigation, withstanding harsh marine environments and ensuring safety.

### 5. Industrial Batteries:

Including forklifts, floor cleaning machines, and aerial platforms, Sonny Powers industrial batteries offer robust, high-power output and long runtimes for heavy-duty applications. They are designed for frequent recharging and minimal maintenance.
